CH2 CLIFFORD**HALLAM**HEALTHCARE

CH2 EQUIPMENT**FOCUS**

NOVEMBER 2011 - MARCH 2012

WHO IS CH2?

Clifford Hallam Healthcare (CH2) is today Australia's largest national Pharmaceutical and Medical Healthcare Service Provider utilising local knowledge and local people to provide pharmaceuticals, medical consumables and equipment products to the healthcare market. With branches in each state, CH2 is able to provide a complete supply solution with quality customer service and sales support.

ABOUT THIS EQUIPMENT FOCUS CATALOGUE

CH2 is always looking for ways to make purchasing easier for our customers. We have designed this Equipment Focus catalogue as a quick reference guide to some of the products we provide in this market segment.

It is divided into the different categories available to you and also includes the products codes, units of measure, product descriptions, manufacturer part number, and price for each product.

We have also provided additional information about CH2 and our contact details. There is also a space for you to record your CH2 Account number and passwords.

For further information on our full catalogue please contact customer service 1300 720 274.

NATIONAL HEALTHCARE SERVICE PROVIDER

EXTENSIVE PRODUCT RANGE

CH2 carry a comprehensive range of medical and surgical products, pharmaceuticals, general consumable items and healthcare equipment.

SIMPLE ORDERING SYSTEM (SOS®)

Our on line ordering system that provides our customers with direct access to CH2's inventory of over 30,000 products via their personal computer.

WardBox® IS UNIQUE TO CH2

It is designed to reduce stock holdings and offers a range of service model options that assist in achieving operational efficiencies.

LOCAL

Local representatives and customer service team in each state.

ONLINE

Go on-line to access CH2 Link and download your invoices & credit notes. You can also access CH2 Direct, our new web based ordering system. Browse our National Product Guide, brochures and corporate information.

HARVEY ELITE™ STETHOSCOPE

The Harvey Elite offers updated styling along with the superior comfort and auscultation capabilities that cardiologists have come to rely on. It is equipped with dualbore, latex-free tubing that creates two uninterrupted sound channels and works with the optimally weighed, rugged, stainless steel chest pieces to transmit a full range of cardiac, pulmonary, and vascular sounds. In addition, the Elite's diaphragm is designed to accentuate sounds in the 200 to 500 Hz range – the range where many significant heart sounds occur.

- HIGH-QUALITY STAINLESS STEEL CHEST PIECE AND BINAURALS DESIGNED FOR OPTIMAL WEIGHT AND DURABILITY
- SUPERIOR PERFORMANCE THROUGHOUT THE ENTIRE ACOUSTIC RANGE
- DUAL-CHANNEL PVC TUBING PROVIDES SEPARATE SOUND PATHWAYS TO EACH EAR FOR UNRIVALLED ACCURACY

ACCU-CHEK PERFORMA

Accu-Chek Performa is accurate and easy to use. Designed to compensate for changing external conditions so you can test just about anywhere. The Accu-Chek Performa system is designed to:

FEATURES:

- FAST 5 SECOND TEST TIME FOR QUICK AND EASY BLOOD GLUCOSE TESTING
- TINY SAMPLE SIZE $<0.6\ \mu L$ WITH UNDER-DOSING DETECTION. UP TO 5 SECONDS TO RE-DOSE THE SAME STRIP
- FAST FILL STRIP. BLOOD SAMPLE IS QUICKLY ABSORBED BY THE TEST STRIP
- ERGONOMIC DESIGN. RUBBER GRIPS MAKE IT EASY TO HOLD.
- COMPENSATES FOR TEMPERATURE VARIABLES. PERFORMS AT TEMPERATURES FROM 6⁰C TO 44⁰C
- COMPENSATES FOR THE EFFECTS OF HUMIDITY. PERFORMS AT RELATIVE AIR HUMIDITY OF 10-90%
- EXPIRED TEST STRIP ALERT NOTIFIES USER WHEN STRIPS ARE CLOSE TO EXPIRATION DATE
- TEST REMINDERS. SET UP TO 4 AUTOMATIC REMINDERS FOR DIFFERENT TIMES THROUGHOUT THE DAY.
- TEST AVERAGING. METER PROVIDES 7-,14-, AND 30-DAY TEST AVERAGING.
- 500 TEST RESULT MEMORY FOR IMPROVED BLOOD GLUCOSE TRACKING
- INFRARED DOWNLOADING CAPABILITY. RESULTS

ROCHE

COAGUCHEK® XS PLUS SYSTEM - A COMPREHENSIVE YET SIMPLE SYSTEM

Key benefits:

ACCURATE AND FLEXIBLE TECHNOLOGY

- ACCURATE, PRECISE RESULTS IN ONE MINUTE
- THE ONLY SYSTEM TO PERFORM ONBOARD QUALITY CONTROL AND DETERMINE PATIENT RESULTS IN A SINGLE TEST CHAMBER
- NEUTRALIZES THERAPEUTIC LEVELS OF HEPARIN AND LMWH
- INR CORRECTED FOR HEMATOCRIT WITHIN SPECIFIED RANGE – MANAGE A BROAD ARRAY OF PATIENTS WITH ONE DEVICE

EASY AND CONVENIENT TO USE

- SMALL SAMPLE SIZE (8 L) FOR EASY DOSING
- STRIP ALLOWS DOSING FROM EITHER TOP OR SIDE FOR SIMPLE BLOOD APPLICATION
- 21-MONTH STRIP SHELF LIFE FROM PRODUCTION
- OUTSIDE METER BLOOD APPLICATION – MINIMIZES POTENTIAL FOR CROSS-CONTAMINATION
- SMALL, BATTERY-POWERED, HANDHELD METER FOR PORTABILITY AND EFFICIENCY

THE COAGUCHEK XS INSTRUMENT KIT CONSISTS OF DIFFERENT COMPONENTS. THE FOLLOWING COMPONENTS ARE INCLUDED:

- CARRY CASE, WHICH ALLOWS THE PATIENT TO KEEP ALL ITEMS INCL. 1 VIAL OF TEST STRIPS IN THEIR PROPER PLACE
- COAGUCHEK XS METER
- COAGUCHEK SOFTCLIX LANCING DEVICE - FOR SINGLE PATIENT USE ONLY (ACCU-CHEK SAFE-T PRO PLUS - FOR USE IN MULTIPLE PATIENTS SETTINGS)
- 4 X AAA BATTERIES

HEINE

DELTA 20® DERMATOSCOPE-SYSTEM

Using an instrument of the highest quality is the best way to ensure the most accurate diagnosis. With high-resolution precision optics and an exclusive illumination system (patent pending), the DELTA 20 Dermatoscope is the ultimate tool in the examination of pigmented skin lesions and provides a significant diagnostic contribution in the early detection of Malignant Melanoma.

The unique achromatic lens system reveals tiny variations in the pigment net and other features of lesions at 10x magnification as a highly-detailed, undistorted image. High-resolution digital photography is easy and affordable both in the Dermatological Practice and in Clinical Routine.

DELTA20 DERMATOSCOPY SET

Consisting of DELTA 20 Dermatoscope, contact plate 23mm dia. with scale, 10ml dermatoscopy oil, dermatoscopy compendium, hard case, complete with BETA battery handle K-256.10.118

GAMMA G5®

The HEINE Standard Sphygmomanometer. The core of the GAMMA G5 is the quality and durability of the housing and spoon made of strong, impact resistant Polyamide/TP-Elastomer.

The integration of an intricate shock absorbing system protects the manometer. The extra large insufflation bulb is comfortable to hold, enabling fast inflation of the cuff.

- LATEX-FREE.
- SHOCKPROOF.
- EXCLUSIVE PRESSURE-DISTRIBUTION SYSTEM.
- PRESSURE-PROOF MANOMETER: ENSURES DURABILITY AND RELIABILITY.
- MICRO-FILTER: PROTECTS VALVE AND MANOMETER.
- LARGE DIAMETER SCALE: (56 MM) IS EASY TO READ.
- LARGE INSUFFLATION BULB: 50% LARGER BULB VOLUME FOR FAST INFLATION OF THE CUFF.
- EXCLUSIVE AIR-RELEASE VALVE: PROVIDES FINE AND PRECISE AIR RELEASE RATE ADJUSTMENT, QUICK DEFLATION, AND EXTREME DURABILITY. A RUBBER-STOP PREVENTS VALVE-LOCK.
- HOUSING IS MOULDED IN 2 COMPONENT THERMOPLASTIC (POLYAMIDE/TP-ELASTOMER) WITH THE ADDITION OF A SHOCK ABSORBING, ANTI-SLIP COATING.
- ADJUSTABLE SPOON (POLYAMIDE/TP-ELASTOMER): FOR BOTH RIGHT OR LEFT -HANDED OPERATION.
- HIGH QUALITY,SINGLE-TUBE CUFF WITH VELCRO FASTENER. WASHABLE.
- 5 YEAR WARRANTY*.

*THE GAMMA G5 IS WARRANTED AGAINST DEFECTS IN MANUFACTURE AND WORKMANSHIP.

WALMAY

CRYOSPRAY

Not only is the procedure simple, there are many benefits for both the physician and the patient in its use.

THESE INCLUDE:-

- MINIMUM PREPARATION AND QUICK APPLICATION, THEREFORE FASTER PATIENT TURN AROUND
- NO ANAESTHESIA
- LITTLE IF ANY PATIENT AFTER CARE REQUIRED
- CRYOSURGERY IS WELL RECEIVED BY PATIENTS

FEATURES OF WALMAY CRYOSPRAY:

- THE REGULATOR AND SAFETY VALVE, INCORPORATED IN THE ONE UNIT, ARE OUR OWN DESIGN AND IS PRECISION MACHINED FROM A SOLID BRASS BILLET.
- A STAINLESS STEEL VACUUM CONTAINER THAT FEELS COMFORTABLE IN THE HAND WITH THE OPERATING FINGERS FALLING NATURALLY ON THE REGULATOR CONTROL. THIS MAKES IT A BALANCED AND FATIGUE FREE INSTRUMENT TO USE.
- THE 0.3L VACUUM CONTAINER WILL RETAIN A FULL DAYS SUPPLY OF LIQUID NITROGEN.
- SET OF FIVE BRASS SPRAY TIPS - FOUR DIRECTIONAL CONE SHAPED TIPS, WITH VARYING ORIFICE, FOR ACCURATE VISUAL AIMING DURING TREATMENT, AND ONE BENT SPRAY EXTENSION ARE SUPPLIED WITH THE INSTRUMENT.
- REGISTERED UNDER THE ARTG THERAPEUTIC GOODS ACT 1989.
- TABLE STAND FOR PRODUCT STABILITY.
- CARRY BAG FOR EASY TRANSPORT FROM SURGERY TO SURGERY.
- DESIGNED AND MANUFACTURED IN AUSTRALIA.
- EXTRACTOR, AVAILABLE FOR UNIT FILLING CH2 CODE 1454315 (NOT PICTURED)

BESTNEB NEBULISER PUMP COMPLETE SET

BESTNEB nebuliser is a high quality aerosol compressor with contemporary, nonmedical styling. It is appealing to the clinician and the patient. Especially in the paediatric case, it makes children's respiratory therapy less frightening and has revolutionised the industry's approach to children's home health care products. According to the latest study, the majority of nebuliser user are from the paediatric field due to the poor resistance to air pollution

SPECIFICATIONS

POWER: 220/240 V ~ 50 HZ
DIMENSIONS: 29 X 20 X 12 CM
WEIGHT: 2.5 KG
WARRANTY: 2 OR 5 YEARS
MAXIMUM PRESSURE: 32 PSI
FLOW: 12 LPM
SOUND LEVEL: 50 DB
PARTICLE SIZE (MMAD): 1.1 MICRON
HIGH QUALITY AEROSOL COMPRESSOR
LARGE AIR INTAKE FILTER

COMPLETE WITH

1 ADULT MASK
1 CHILD MASK
1 NEBULISER BOWL
1 2M SUPPLY TUBING
1 MOUTHPIECE
1 T PIECE
1 RESERVOIR TUBE 15CM

FEATURES

- CONTEMPORARY STYLING
- ULTRA QUIET OPERATION
- PLEASANT PASTEL COLOURS
- COMPARTMENT FOR STORING ACCESSORIES
- COMPLETE WITH
- 1 ADULT MASK
- 1 CHILD MASK
- 1 NEBULISER BOWL
- 1 2M SUPPLY TUBING
- 1 MOUTHPIECE
- 1 T PIECE
- 1 RESERVOIR TUBE 15CM

RESUSCITATOR SET ADULT

FEATURES

- ADULT RESUSCITATOR 1500 ML WITH 60 CM H2O POP-OFF VALVE
- 2500 ML OXYGEN RESERVOIR
- TWO ADULT MASKS #5135, #5134
- TWO GUEDEL AIRWAYS
- SEE THROUGH CARRY CASE WITH INSTRUCTION MANUAL
- AUTOCLAVABLE TO 134ºC

MATERIAL: POLYCARBONATE, SILICONE RUBBER AND POLYVINYL CHLORIDE
CONNECTORS: 15/22 MM ISO PATIENT CONNECTOR, 24 MM ID SILICONE NECK, 26 MM ID (TO SILICONE BAG INLET), 32 MM ID (TO COMBINED OXYGEN VALVE AND RESERVOIR)
INSPIRATORY/EXPIRATORY RESISTANCE: <5 CM H2O AT 50 LPM FLOW
RESERVOIR VOLUME: 2500 ML
MAX. OXYGEN CONCENTRATION: 99% (WITH OXYGEN SUPPLY)
OPERATING CONDITIONS: -18ºC TO 50ºC
PRESSURE RELIEF: 60 ± 10 CM H2O, LOCK TYPE OVERRIDE MECHANISM
MAXIMUM/STROKE VOLUME: 1500/1350 ML
MAXIMUM BREATH CYCLE RATE: 45 BPM

DISPOSABLE RESUSCITATOR ADULT

FEATURES

- MEETS ISO-8382 AND ASTM0920 STANDARDS.
- ARROW SHAPE TEXTURE SURFACE FOR SLIP FREE OPERATION IN WET CONDITIONS.
- FASTER REBOUND AND LESS MEMORY MATERIAL APPLIED FOR EASE OF OPERATION.
- ERGO DESIGNED SHAPE PROVIDES EASE OF HANDLING AND LESS ACCESS FORCE.
- CLEAR RESUSCITATION BAG FOR EASE OF OBSERVATION.
- HIGH EFFICIENCY SILICONE DUCKBILL PATIENT VALVE MINIMIZES BACK LEAKAGE.
- PROVIDES LOW INSPIRATORY AND EXPIRATORY RESISTANCE.
- BUILT-IN EXPIRATORY DIVERTER.
- SWIVEL 15/22MM PATIENT CONNECTOR.
- MEETS ISO-5356-2 STANDARD.
- 40 CM H20 PRESSURE RELIEF FOR CHILD AND INFANT MODELS.
- 60 CM H20 PRESSURE RELIEF WITH LOCK FUNCTION FOR ADULT MODEL.
- 32 MM RESERVOIR CONNECTION FOR LOWER INTAKE RESISTANCE.
- HIGH EFFICIENCY RESERVOIR SYSTEM PROVIDES UP TO 99% OXYGEN CONCENTRATION AT LOW FLOW.
- SWIVEL ELBOW OXYGEN TUBING CONNECTION FOR EASE OF ACCESS.
- FITS-ALL OXYGEN CONNECTOR CAN BE ATTACHED TO FLOW METER DIRECTLY.
- CLEAR AIR CUSHION MASK PROVIDES BETTER SEAL, EASE OF OBSERVATION DURING ACCESS AND ALSO PATIENT COMFORT.

CPR MASK

Combines extension tube, one-way valve, foldable face mask and oxygen inlet in a small and compact clam-shell carrying case. Best tool for mouth to mask resuscitation. Minimises cross-contamination during training or CPR practice. High efficiency one-way valve with swivel feature and standard 15M connection. Easy to access - ergonomic mask with soft air-cushion for comfort and better seal and flexible extension tube for better adjustment. Easy to carry in an all-in-one compact storage case.

FEATURES

- BACTERIAL AIR FILTER
- LEAKAGE FREE AIR CUSHION MASK
- SILICONE DUCK BILL ONE WAY VALVE
- SINGLE USE MATERIAL
- OXYGEN PORT
- DETACHABLE MOUTHPIECE - MASK CAN THEN BE CONNECTED TO OTHER RESUSCITATION DEVICES
- MASK SHELL FOLDS FOR COMPACT STORAGE
- COMPLETE WITH COMPACT CARRY CASE
- CUSTOM LABELLING - BULK QUANTITIES APPLY

ZOLL MEDICAL

FULL RESCUE DEFIBRILLATOR

The ZOLL AED Plus® is the only Full-Rescue AED that supports both CPR and defibrillation. For infrequent rescuers, the AED Plus supports the complete chain of survival. The unique graphical user interface – pictures combined with text displays and voice prompts – helps the rescuer perform every important life-saving action every step of the way.

AED Plus features Real CPR Help®, a tool to help the rescuer achieve the correct rate and depth of chest compressions during CPR through visual and voice prompts. Feedback such as "PUSH HARDER", "GOOD COMPRESSIONS" and an adaptive metronome to guide compression rate help accomplish quality compressions.

THE AED PLUS OFFERS:

- SUPPORT FOR THE FULL CHAIN OF SURVIVAL WITH EASY TO UNDERSTAND AUDIO PROMPTS AND VISUAL ICONS
- REAL CPR HELP FOR FEEDBACK ON THE RATE AND DEPTH OF COMPRESSIONS
- A ONE PIECE, EASY TO PLACE ELECTRODE WITH A 5 YEAR SHELF LIFE
- A RUGGED DESIGN THAT RESISTS DUST AND WATER (IP55)
- USES OFF THE SHELF LITHIUM CAMERA BATTERIES WITH UP TO 5 YEARS INSTALLED LIFE
- ZOLL RECTILINEAR BIPHASIC™ WAVEFORM (RBW)
- INTELLIGENT PAEDIATRIC CAPABILITY WITH PEDI
- PADZ®II PAEDIATRIC ELECTRODES
- AUTOMATIC SELF TESTING THAT ASSURES THE UNIT IS CONSTANTLY READY
- 5 YEAR WARRANTY
- ARC GUIDELINES 2006 COMPLIANT
- A TOTAL COST OF OWNERSHIP OF $0 OVER 5 YEARS WITH NO NEED TO REPLACE ELECTRODES OR BATTERIES IF THE AED PLUS IS IDLE

DALCRS-A900

$1,895.00

QUIRKS

The Medisafe Vaccine Refrigerator represents exceptional value for money and includes 12 months warranty on parts and labour.

The computer data logger is included as a standard feature. There are two types of data logger.

- The first is an externally mounted temperature gauge which as well as showing current temperature, it also records the day's high and low extremes. This is used where manual data logging is required.
- The second is an independent computer based data logger. It is set up to measure and record the simulated core temperature (rather than the air temperature) of the product stored in the refrigerator. It is battery powered and its recording process is not dependent on having a computer running. The information collected by the logger can be easily downloaded to a PC and displayed in tabular and graphical formats. The Data Logger performs a vital function in the event of equipment failure (even due to power failure). It will provide critical information about the temperature of the product stored in the refrigerator as distinct from the changes in air temperature that triggered the alarm. It will indicate whether the product in the refrigerator has been compromised or not.

The exceptional technical quality and functionality of the Medisafe is back up by Quirks Australia Nationwide 24 hours a day 7 day a week in-field service facility.

Medisafe has passed an independent cold chain test and is QCPP compliant.

FEATURES:

- ELECTRONIC TEMPERATURE CONTROL AND MONITORING SYSTEM.
- AUDIBLE AUTO RESETTING ALARMS.

NOTES

TERMS & CONDITIONS OF SALE

1. TERMS AND CONDITIONS OF SALE

1.1 These terms and conditions apply to the sale of products by CH2 to the Buyer. CH2 may vary these terms by notice in writing to the Buyer. A copy of CH2's current terms and conditions of sale is available at www.ch2.net.au.

1.2 These terms prevail over any terms in any document of the Buyer and contain the entire agreement between the parties. If the Buyer places an order, accepts delivery of products and makes any payment under this invoice or performs any of these terms, the Buyer is taken to have accepted these terms.

1.3 If CH2 and the Buyer have entered into a State Government contract, clause 1.2 does not apply and the terms of that contract prevail over the terms of this document.

2. PRICE AND GST

2.1 Prices quoted by CH2 are those ruling at the date of issue of quotation. A price quotation is not an offer by CH2. CH2 may alter prices without notice before CH2 accepts the Buyer's order.

2.2 Prices are exclusive of GST. The Buyer must pay to CH2 an amount equal to any GST CH2 must pay for any supply by the products under these terms and conditions of sale. The Buyer must pay GST at the same time the Buyer pays the price (under clause 5).

2.3 All prices quoted include standard packing for delivery within Australia.

3. ORDERS

3.1 Subject to clause 3.2, orders for products must be in units of measure (as defined by the Therapeutic Goods Administration and manufacturer's certification for the relevant product, as reflected in the CH2 catalogue).

3.2 Orders for catalogue or non-catalogue products which are not held as a stock line by CH2 and which are ordered on the Buyer's request must be for the relevant manufacturers minimum order quantity for that product.

3.3 If an order is for less than $200 then a $20 handling and freight charge will apply. CH2 may waive this charge where the Buyer exclusively orders products through CH2's electronic ordering system.

3.4 Orders for products which are temporarily out of stock will only be placed on backorder at the Buyer's express request.

3.5 CH2 reserves the right to charge the customer freight and cold chain fees.

4. DELIVERY

4.1 CH2 will use reasonable endeavours to despatch available products ordered for immediate delivery no later than 48 hours after receipt of the order.

4.2 Any delivery time CH2 gives the Buyer is only an estimate. CH2 is not liable to the Buyer for any loss or damage (including consequential loss or damage) arising from late delivery.

4.3 The Buyer must still accept and pay for the products even if CH2 delivers late.

4.4 Products will be delivered during CH2's normal business hours. If CH2 agrees to deliver products outside these normal business hours, CH2 may impose an additional delivery charge.

4.5 The products will be delivered using methods and carriers selected by CH2. If the Buyer requests other arrangements, the products will be transported at the Buyer's cost and risk.

4.6 Where:

(a) the Buyer does not take delivery when the products are ready; or (b) the Buyer orders the products for collection and does not collect then within 10 business days after the specified collection date, CH2 is entitled to store the products (or deliver them to one of the Buyer's addresses) without liability and at the Buyer's cost and risk.

5. PAYMENT

5.1 Products will be invoiced on dispatch.

5.2 The Buyer must pay all invoices in full (without set-off or deduction, including for any claims for credit) within 30 days after the date of the invoice.

5.3 If the Buyer fails to pay an amount due:

(a) CH2 may charge interest on the overdue amounts calculated daily at 2% per annum above the maximum overdraft rate charged by CH2 bankers;

(b) CH2 may cancel or suspend further delivery of products to the Buyer until full payment of all money due from the Buyer to CH2; and

(c) CH2 may vary or withdraw credit at its discretion.

5.4 The Buyer must pay all expenses incurred by CH2 in the recovery of overdue amounts.

6. RISK AND TITLE

6.1 Risk in the products passes to the Buyer at the time of delivery to the Buyer, its carrier or agent. Title to and property in the products does not pass from CH2 to the Buyer until the Buyer pays in full all monies owing to CH2.

6.2 Until title to a product passes to the Buyer:

(a) the Buyer must hold the product as fiduciary and bailee for CH2 and store the product properly and separately as to be identifiable as the property of CH2;

(b) the Buyer must fully insure the product against loss or damage, ensuring that CH2's interest as owner is noted on the policy;

(c) if the Buyer does not pay an invoice by the due date, CH2 is entitled to enter any premises occupied by the Buyer and repossess the product; and

(d) the Buyer may only sell the product as fiduciary (but not agent) of CH2, in the ordinary course of the Buyer's business and must:

(i) hold all proceeds separately in trust for CH2 and account to CH2 for the proceeds; and

(ii) assign to CH2 any book debt or claim against the third party acquirer of the product for the proceeds.

7. CLAIMS AND RETURNS

7.1 Within 7 days after delivery of any product, the Buyer must notify CH2 if any product has a short shelf life, has been damaged or spoilt before delivery, has been incorrectly sent or has been short delivered or has been incorrectly invoiced (a Product Claim).

7.2 CH2 may, in its absolute discretion, (but is not obliged to) accept returns of products which the Buyer has incorrectly ordered (a Product Credit), provided that the Buyer requests the Product Credit within 7 days after delivery of the product. If CH2 accepts a Product Credit, CH2 will charge the Buyer a restocking fee equal to the higher of $25 or 10% of the price of the returned items.

7.3 Products being returned must comply with the following conditions:

(a) They must be returned using a carrier nominated by CH2.

(b) They must be unopened, in their unit of measure and in their original manufacturer's packaging which has not been marked, defaced, damaged or interfered with in any way (other than prior to delivery to the Buyer). 202733757_5 Effective 25th August 2010

(c) They must be returned with a CH2 credit returns advice (which can be obtained from CH2 by calling 1300 720 274) duly completed and signed by the Buyer which:

(i) itemises the products being returned and explains the reasons for return;

(ii) confirms that the products have been stored at all times according to the label conditions and other applicable requirements imposed by law, regulation or recommendation by CH2 or the manufacturer; and

(iii) attaches a copy of the original signed and dated invoice for the returned products.

7.4 Products returned without the prior consent of CH2 may be returned to the Buyer at the Buyer's cost.

7.5 The Buyer acknowledges that the following products cannot be returned under any circumstances:

(a) buy to backorder lines;

(b) any "cold chain" products which are required to be stored between 2 and 8 degrees Celsius; and

(c) any nutritional products.

8. COMPLIANCE WITH LAWS, REQUIREMENTS & GUIDELINES

8.1 The Buyer must hold all necessary licences and comply with all law and product manufacturer requirements relating to the purchase, storage, sale, marking or use of the products, including complying with all relevant adverse event reporting requirements, Therapeutic Goods Administration regulations and guidelines and information issued by product manufacturers from time to time.

8.2 If the Buyer is directed to assist in any suspension of supply or recall of products for any reason by CH2, the Therapeutic Goods Administration or a health authority, the Buyer will cooperate and comply with all such reasonable directions to ensure the most effective response to the suspension or recall. To the extent that CH2 is entitled to recover the costs of the suspension or recall from the relevant product manufacturer or supplier, CH2 will reimburse to the Buyer any reasonable and necessary costs incurred by the Buyer in connection with the suspension or recall.

9. PRODUCT ADVICE AND USAGE

9.1 Any description of products used by CH2 is for identification purposes only and not a description with which the products must comply.

9.2 The Buyer acknowledges and agrees that any representation or advice given by or on behalf of CH2 (or any of its employees or agents) in respect of the operation or use of a product is offered for information purposes only and should not be relied upon. CH2 assumes no obligation or liability whatsoever in respect of any such representation or advice.

9.3 The Buyer acknowledges and agrees that it is responsible for advising its customers or patients about the operation, application, appropriateness and use of the products.

10. PRODUCT WARRANTIES

10.1 CH2 will use reasonable endeavours to enforce, at the cost and for the benefit of the Buyer, any product warranties, guarantees and representations made to CH2 by manufacturers and suppliers of products sold by CH2 to the Buyer.

10.2 CH2 does not represent or warrant that any product (including, in particular, any imported product) does not infringe any intellectual property rights (including those protected by an Australian registered patent) of any third party.

11. LIMITATION OF LIABILITY

11.1 Implied warranties and conditions as to the quality or fitness of the products or as to the accuracy of information, advice or other services concerning the products are expressly excluded to the maximum extent allowed by law.

11.2 CH2's liability for a breach of this document or for a breach of any implied warranty or condition is limited to, at CH2's election:

(a) replacing the products (or supplying equivalent products); or

(b) paying the cost of replacing the products (or supplying equivalent products).

11.3 CH2, its employees and agents shall not be liable for any loss or damage (including consequential loss or damage) of any kind whatever, even if due to the negligence of CH2, its employees or agents.

11.4 The Buyer agrees that the products are not of a kind ordinarily acquired for personal, domestic or household use or consumption.

11.5 The Buyer indemnifies CH2 for all liabilities, losses, damages, costs or expenses suffered or incurred by CH2 as a result of any act or omission of the Buyer, including (without limitation) loss incurred as a result of the Buyer:

(a) cancelling any order or part of any order;

(b) unloading, storing or handling the products;

(c) failing to comply with any manufacturer instructions regarding the products or with any laws relating to the storage, handling, sale, marking or use of the products;

(d) making, or allowing to be made, any statement in respect of the operation, application, appropriateness and use of the products; or

(e) breaching any of the Buyer's obligations under these terms and conditions of sale.

12. FORCE MAJEURE

12.1 CH2 is not liable to the Buyer for any failure to comply with this document if the failure (directly or indirectly) arises out of any circumstances which are not within CH2's reasonable control (including, for example, an act of war or terrorism, natural disaster, industrial action or failure of a supplier, public utility or common carrier) (a Force Majeure Event). 12.2 If a Force Majeure Event occurs, CH2's obligations under these terms and conditions of sale are suspended to the extent they are affected by the relevant event as long as the event continues. Neither CH2 nor the Buyer may terminate these terms and conditions of sale as a consequence of any Force Majeure Event.

13. CANCELLATION AND TERMINATION

13.1 The Buyer may not cancel any order once lodged with CH2, unless CH2, in its absolute discretion, agrees otherwise. CH2 will not agree to any cancellation unless the Buyer compensates CH2 against all loss or damage arising from the cancellation.

13.2 CH2 reserves the right to accept or decline in whole or in part any order. CH2 may discontinue supply of any product without notice, unless otherwise required by legislation.

13.3 CH2 may cancel any order and terminate these terms and conditions of sale if

(a) any invoice due is unpaid;

(b) the Buyer becomes insolvent or CH2 obtains an unfavourable credit report on the Buyer's financial standing, in which case, the Buyer must indemnify CH2 for any costs and expenses incurred prior to cancellation and must pay any reasonable cancellation charges fixed by CH2. In these circumstances, CH2 may require the Buyer to provide prepayments or other security as a condition of CH2 resuming delivery of products to the Buyer. 202733757_5 Effective 25th August 2010

13.4 The Buyer has no claim against CH2 for any damage, loss, cost or expense arising from any cancellation by CH2.

14. GENERAL

14.1 No conduct of CH2 (including a failure to exercise, or delay in exercising, a right) operates as a waiver of a right of CH2 or otherwise prejudices or prevents the exercise of a right of CH2.

14.2 The Buyer may only assign, dispose of or otherwise create an interest in its rights under these terms and conditions of sale with the consent of CH2. CH2 may assign its rights under these terms and conditions of sale without the consent of the Buyer.

14.3 Any provision of these terms and conditions of sale which is unenforceable or partly unenforceable is, where possible, to be severed to the extent necessary to make these terms and conditions of sale enforceable, unless this would materially change the intended effect of this document.

14.4 These terms and conditions of sale are governed by the law in force in New South Wales.
